

Journeyman Electrician

New Gold Inc. (NGD:TSX/AMEX) www.newgold.com is developing one of Canada's emerging large-scale underground block-cave mining operations located 10 km west of Kamloops, BC and we want you to come work for us!

Our employees create a dynamic, educated team that strive to make a difference in their workplace and are dedicated to making a significant contribution to the development of an exciting, new mining operation - The New Afton Mine.

We are seeking applications for Journeyman Electricians to join our Maintenance Department. The responsibilities of this role will be to troubleshoot, maintain, install and repair electrical control systems and devices in order to support our underground mining development.

The successful candidate has completed Grade 12 or an equivalent, obtained a Journeyman Electrical Trade Certification, and has previous electrical maintenance experience in an underground mining operation. Preference will be given to applicants with Electrical Red Seal Inter-Provincial Certification and prior experience reading electrical drawings.

Qualified candidates must be able to work in a team environment and with minimal supervision on an alternating day/night shift schedule. Demonstrated leadership in safety is also essential in this role. We are seeking candidates with a strong drive to learn new skills and a willingness to take on progressively more responsibilities as they grow and develop with the company.

Kamloops is a city of 90,000 people, located 350 km east of Vancouver. The area provides the opportunity to live and work in a vibrant community with its own University and within easy reach of world class ski resorts, championship golf courses, mountain biking trails, popular recreational lakes and the vineyards of the Okanagan Valley.

Interested candidates are encouraged to submit a cover letter and résumé outlining their experience and qualifications. Please quote **Job #: 2010-024 – Journeyman Electrician** in your application to:
