

## Mine Technician

**New Gold Inc. (NGD:TSX/AMEX) [www.newgold.com](http://www.newgold.com)** is developing one of Canada's emerging large-scale underground block-cave mining operations, the New Afton Copper-Gold Project located only 10 km west of Kamloops, BC.

Our employees create a dynamic, supportive team that strive to make a difference in their workplace and are dedicated to making a significant contribution to the development of an exciting, new mining operation - The New Afton Mine.

We are seeking applicants for Mine Technician working within our Technical Services team. A key responsibility of this role is surface and underground surveying including establishing survey controls, construction and excavation layouts and diamond drill alignment. The role requires monitoring and assisting in site design projects such as road alignments, de-watering systems, power requirements, drainage, QA/QC and ground control. Additional responsibilities include maintenance of surface slope and underground closure monitoring equipment in addition to drafting and drawing of 2-dimensional and 3-dimensional maps, designs and plans.

Qualified candidates possess a minimum of a two year Mining Technology Diploma or other relevant Engineering diploma with eligibility for professional registration with the Association of Professional Engineers and Geoscientists of BC (APEGBC). Successful candidates have previous experience with TPS and GPS surveying, compiling data and reporting QA/QC protocols. This role also requires an individual who is self motivated, team oriented and possesses strong MS Office skills.

Preference will be given to candidates with previous surveying experience and familiarity using Minesight and Mine 2-4D/Mine CAD software and electronics and automation related training. Experience with seismic system installation, setup, monitoring and maintenance as well as familiarity with developing Standard Operating Procedures is considered an asset.

We offer a competitive salary including bonus incentives and a comprehensive benefits package.

Kamloops is a city of 80,000 people, located 350 km east of Vancouver. The area provides the opportunity to live and work in a vibrant community with its own University and within easy reach of world class ski resorts, championship golf courses, mountain biking trails, popular recreational lakes and the vineyards of the Okanagan Valley.

Interested candidates are encouraged to submit a cover letter and résumé outlining their experience and qualifications. Please quote **Job #: 2010-003** in your application to:
